

Dear Families,

As we continue to learn at home, we want to encourage students to think of others whose lives have also been changed due to the current circumstance. I am encouraging students to write letters to seniors in nursing homes on Long Island who are no longer permitted visitors. If your child does make a card, we ask that you mail it from home.

Ideas you can include in your letter:

- Who you are, where you go to school and what grade you are in.
- Share what you are currently learning from home. You can include what you are learning and how you are accessing information. This may be interesting to seniors who learned in a much different way.
- Let them know that you are thinking of them.
- You may want to add information about yourself, such as your hobbies and interests.
